JANINE GARNER®

You are Brilliant

You probably don't feel like it all the time.

We all start out feeling great. And we know there will always be ups and downs in our careers or at work but many of us also reach moments where we feel stuck in status quo, dis-engaged with our lack of progress or even frustrated because we know there are things about ourselves that we need to improve to take us to the next level.

Throw in the challenge of time and busyness and finding that sounding board to help you become better, write your own next chapter seems a little too hard.

I have worked with thousands of leaders, teams and companies unlocking their potential and I know that you, like them, truly are brilliant.

We all just need the right tools, training and techniques to unleash our brilliance; to leverage and amplify the talent you already have.

This is where I can help.

I work with ambitious leaders, teams and companies who want to achieve consistently high performance and see their satisfaction and results sky rocket.

It's why I do the work I do.

Unleashing brilliance.

Unlocking high performance.

In leaders, teams and companies – in you.

The possibilities are exciting.

A little more about me

I spent 20 years working my way across the world putting together award-winning marketing campaigns and strategies for high-profile brands like Ralph Lauren, Orotan, Jaeger, Sainsbury's Homebase and Citizen Watches. It was whilst working as a senior leader that I learnt about the power of connection and what it takes to unlock the brilliance in teams and leaders.

A highly sought-after keynote speaker, educator and author, I've worked with thousands of high-profile leaders from around the world and helped countless of Australia's top 50 ASX companies and multinationals - EY, CBRE, DXC Technology, Hewlett Packard, Microfocus, Optus and CBA to name a few.

I am the best-selling author of *Its Who You Know - How a network of 12 key people can fast-track your success* and *From Me To We - why commercial collaboration will future proof business, leaders and personal success*. My 3rd book - *Be Brilliant - how to lead a life of influence* - will be published in June 2020.

I hold a Bachelor of Science degree from Aston University, UK and was awarded an Honorary Doctorate of Science from the same university in 2016. I am also a graduate of the Harvard Kennedy School in The Art and Practice of Leadership, a partner at Thought Leaders Global and have won an International Stevie Award in recognition of my work. On top of this, I'm super proud to have completed two Tough Mudders and one Spartan race and enjoy the hardest challenge of all - raising 3 teenage children.

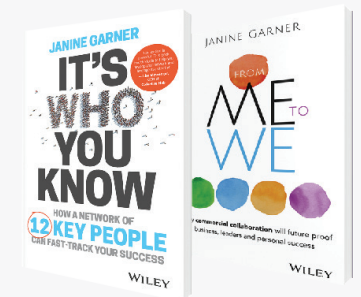

When not on TV or radio, my thoughts and insights are regularly published

in the media at *The Huffington Post*, *CEO Magazine*, *Success Magazine*, *BRW*, *Women's Agenda*, *AIM* and *The Australian*. I'm also the host of my own podcast, *Unleashing Brilliance*, featuring the untold stories of individual success from people around the world.

I believe that today, more than ever, we need people, teams and companies willing to put in the extra needed to be truly brilliant. That we need leaders who are connected to their purpose and who will drive change. We need individuals brilliant enough to lead both in today's complex environment and into tomorrow's unknowns.

This requires collaboration, transformation and leverage and it demands better conversations, training and connection.

I believe everyone has brilliance within waiting to be unleashed and this is why I do the work that I do.

Unlocking Possibility. Shifting Momentum.

Our mentoring sessions are structured around three core pillars:

- 1 DISCOVER** and unlock possibility
- 2 IGNITE** and reset potential
- 3 UNLEASH** and create accountable action plans to shift personal momentum

As one of my private clients (of which I only work with a handful at a time) you will:

- Receive mentoring from a business leader who has walked the path driving results on an international scale in my corporate career and now in my own fast-growth business.
- Gain personal positioning and leverage; the development of 'what's next' and the tools to drive change.
- Accountability and encouragement; the right resources to support and reinforce learning; a sounding board for future thinking, strategic direction and plans.

ENTREPRENEUR, ON-LINE BUSINESS OWNER

I have always found Janine to be smart, savvy and strategic. Her advice is as cut-through as it is practical. Perhaps more importantly in this era of crazy busy, I find her to be one of the very few to think how she can help others achieve great things even when they are not sitting right in front of her. She is one of the most generous people I have had the good fortune of working and collaborating with and am proud to call her a mentor of mine.

STRATEGIC CONSULTANT MELBOURNE

In working with Janine over the past 12 months in a mentoring capacity I have valued her ideas, ability to challenge and pragmatic solutions. I'd highly recommend working with her.

CHANGE AND LEADERSHIP EXPERT

Janine is not the right person if you are looking for structured draconian management training! But if you want to elevate your potential as a leader, Janine will change the way you leverage speakership, collaboration and networking to accelerate business and lead your teams.
